xD I never would have thought to make this joke; nice job! :D

Fun fact: The movie they're talking about IS called Wings of Fire, it's just really old and I forget what it's about. But on a website where they house editable-by-the-public movie records (like cast lists, trailers, clips, and summaries), someone put a picture of a few Wings of Fire books as the title picture. No joke. They did. And I remember laughing.
